

Giancarlo Ortiz

VIDEO EDITOR | COLORIST | MOTION GRAPHICS

SAN ANTONIO TX (OPEN TO TRAVEL / REMOTE) • (210) 243-3416 • carlo7240@gmail.com

PORTFOLIO: 0fftheprint.com/portfolio • tiktok.com/@vamp.psych (7.6K+) • instagram.com/vamppsych

[SUMMARY]

Editor and colorist cutting daily for three years across **Premiere Pro, After Effects, DaVinci Resolve (color + Fusion), and CapCut**. Built my own brand, Vamppsych, to **7.6K+ TikTok followers** on work I write, shoot, cut, grade, and design end-to-end. Wrote, directed, and edited the short film *VOLUME* at Full Sail, where I hold an A.S. in Digital Cinematography and am finishing the B.S. (2027). Fast on short-form; comfortable in narrative.

[EDITING & POST EXPERIENCE]

Editor / Colorist / Motion Designer | Vamppsych (own brand)

2023 to Present

- Cut, grade, and ship short-form video weekly for TikTok, Reels, and Shorts; grew to **7.6K+ followers** on retention-driven edits: hook structure, pacing, sound design, captions.
- Color pipeline in DaVinci Resolve including **custom DCTL looks and Fusion composites**; built a reusable in-house effect/transition suite for Resolve and Premiere.
- Design title cards, motion graphics, and visual systems in After Effects, Photoshop, and Illustrator.

Writer / Director / Editor | VOLUME (short film, Full Sail)

Jun 2026

- Directed a four-actor narrative short and cut the finished film; built a **scripted per-clip shot-match color pipeline** in Resolve to unify mixed footage.

Editor | OFF THE PRINT (interview series)

2026

- Cut a **46-minute single-subject interview into nine finished pieces**: a long-form edit plus topic cuts and vertical clips, all pulled from one tape. Word-synced captions, on-screen question overlays, baked LUT look, licensed music bed.
- Built the repeatable pipeline behind it: transcript-driven selects, montage-density picture over a voice-only spine, frame-exact platform deliverables.

Concert & Event Coverage | Independent

2025 to Present

- Shot and graded live-event footage (65,000-seat stadium concerts) into finished highlight edits: HDR/SDR conform, stylized grades, 4K upscale/denoise finishing.
- 2026 volume: **night venue, club, and private-event coverage** shot candid on available light with no flash, delivered as **graded multi-look sets on 24 to 48 hour turnaround**, with per-frame color solved in Resolve rather than applied as a preset.

Social Media & Content Creator (Intern) | SA Current

Sep 2024 to Dec 2024

- The alt-weekly's on-the-ground event unit: **solo photo and video coverage** at events across San Antonio, edited and **delivered the same night** as organized 1080p/4K packages.
- Five-plus edited posts per week for IG and TikTok; **15% lift in follower engagement** in three months.

[SKILLS]

Editing: Premiere Pro, DaVinci Resolve, CapCut (desktop + mobile), multicam, short-form pacing

Motion & VFX: After Effects, Resolve Fusion (keying, tracking, particles, composites)

Camera: Sony FX6, Insta360 Luna Ultra / X6 / Ace Pro 2, on-set lighting and audio

Color: Resolve color page, custom DCTLs, LUT workflows, HDR/HLG conform, shot matching

Design: Photoshop, Illustrator, InDesign, Lightroom (4+ yrs full Adobe CC)

Pipeline: Python scripting for Resolve, ffmpeg, AI-assisted workflows, Topaz upscaling

[EDUCATION]

Full Sail University | Digital Cinematography

Winter Park, FL

- **A.S. in Digital Cinematography, earned.** B.S. in progress, anticipated 2027.
- *Coursework: Professional Camera Operation, Lighting, Audio Mixing, Post-Production Editing, Directing. Crew and creative roles on multiple Full Sail student film productions.*
