[SUMMARY]

Night and low-light is the practice. I shoot candid documentary coverage inside dark venues, clubs, and private rooms on available light with no flash, then grade and deliver it myself. Shooter-editor working out of my **own complete FX6 package**: full-frame cinema body, three-point lighting, and dual wireless audio, finished in-house on DaVinci Resolve. I arrive self-contained for an interview or event setup and hand back a graded cut, so a single booking covers camera through delivery. Full Sail A.S. in Digital Cinematography earned, B.S. 2027. Day calls across Central Texas, San Antonio and Austin, plus remote post.

[OWNED PACKAGE]

Camera: Sony FX6 full-frame Cinema Line, XLR handle unit, Sony G-series zoom

Lighting: three-point bi-color LED kit, gridded parabolic softbox, reflector, full stands

Audio: on-camera shotgun plus two wireless transmitters, **32-bit float with onboard backup**

Compact bodies: Insta360 Luna Ultra (1in gimbal), X6 360, Ace Pro 2, GO Ultra for low-light and tight rooms

[PRODUCTION CREDITS]

SA Current	Solo event unit (photo / video)	Alt-weekly, same-night delivery	2024
Vamppsych	One-person production studio	Short-form brand, 7.6K+ TikTok	2023–Present

[EXPERIENCE]

Shooter / Editor / Colorist | Vamppsych (own studio) 2023 to Present

- Shoot, grade, and deliver client and brand work end to end: interviews, live events, venue and nightlife coverage, and short-form cutdowns.
- Color in DaVinci Resolve including **custom DCTL looks and Fusion composites**; built a reusable in-house effect and transition suite for Resolve and Premiere.
- Night documentary coverage** is the recurring work: venues, promoters, and private hosts bring me into the room, and I shoot the night candid on available light, stage light, and haze. **No flash.** Several hundred frames a night, culled to a scored selects set.
- Run the business side myself: my own **service agreements, media releases, rate card, and invoicing**, signed before the camera comes out.

Venue Operations | Allied Universal at Alamodome Aug 2025 to Jun 2026

- Concerts up to **65,000 attendees**: credentials, load-in and load-out flow, long calls under live pressure.

[POST & SKILLS]

Edit: Premiere Pro, DaVinci Resolve, After Effects, CapCut, multicam

Color: Resolve color page, custom DCTLs, LUT workflows, HDR/HLG conform, shot matching

On set: interview lighting, wireless and boom audio, media management, slating

Logistics: W-9 ready, own transportation, open to travel, clean driving record

[EDUCATION]

Full Sail University | Digital Cinematography Winter Park, FL

- A.S. in Digital Cinematography, earned.** B.S. in progress, anticipated 2027.
- Coursework: Professional Camera Operation, Lighting, Audio Mixing, Post-Production Editing, Directing. Crew and creative roles on multiple Full Sail student film productions.*
